

# Angels On Earth

Be an Angel on Earth

Spring 2007

[www.angellightacademy.org](http://www.angellightacademy.org)

## ALA Celebrates **10<sup>th</sup>** YLC Anniversary

**From 15 Students in 1997 to 161 in 2007!**

"I like finding solutions to my problems, and I like knowing that the angels will help me when I ask them!"

-Jose, Sacramento

"You guys are COOL! This is my 5th year. I can't wait until next time"

-Gustavo, Indio

### Let's Hear From the Kids!

"My favorite part was the skits. They act out problems and show how they can be solved. It gives kids hope about their problems, and they learn they can do it themselves."

-Shanah, La Quinta

"My favorite thing about the conference was to paint the angels with the kids and write down

their problems at home and how they could solve them."

-Nico, Chile,  
South America

"I love that the conference brings together so many people of different ages, cultures, ethnicity, and even states and countries to work together as a team in becoming better lead-

ers for the benefit of themselves, their communities, and the world!"

-Samantha, Calimesa

"I made new friends, people I can really trust."

-Maria, Phoenix

### Mark Your Calendars & Join Us

for an exceptional luncheon, wine tasting, & the latest Fall Fashions!

November 9th at Flemings Prime Steakhouse in Rancho Mirage, CA. Fashion Show brought to you by Macy's.

### Message from Julia and Richard

We are so proud of all who've worked so hard to assist Angel Light Academy these past ten years. The partnerships we've developed—i.e. with Fleming's Prime Steakhouse

and Macy's will greatly assist in developing ongoing programs to help individuals, schools and our communities. We thank you all.

Julia and Richard

### ALA Satellites

Congratulations to the Sacramento, Sedona, and West Phoenix ALA satellites for their successful homework clubs and after-school programs!

Call 1-866-30-Angel for more information.
